

I Appreciate Your Interest in Starting
Reach for Literacy
At Your School. It Is Easy to Do.

It is easy to start a **Reach for Literacy** program at your school. Just order a kit for each student, then decide who will be your teacher tutors (retired teachers or individuals already employed). Dr. Walker recommends that each teacher tutor no more than 3 students a day or 6 different students a week.

Charge parents a monthly fee that is comfortable for your clients or offer scholarships.

Example:

For a fee of \$150, due on the first lesson of the month, a teacher would tutor each 4-year-old for 30 minutes twice a week (Monday/Wednesday or Tuesday/Thursday) during the first 3 weeks of the month to complete 46 lessons before kindergarten.

The teacher tutor would receive \$120 a month (\$20 a lesson) for each child for 6 tutoring sessions and preparation time.

The preschool center would receive \$30 a month (\$5 a lesson) for providing tutoring space and insurance.

The last week of the month is used for make-up lessons.
